## ***Security Gate***

If you have been up to the site recently, you will have noticed that we have been installing a new security fence and gate at the entrance to the site.

This gate will operate during the night time, Saturdays after 1.00 p.m. & all day Sunday and Bank Holidays, only if the site is not manned, leaving the existing main barrier to work during the daytime hours.

It works in exactly the same way as the other single arm barriers, with an entry and exit keyfob strike plate.

## ***Site Closure***

For Silver and all Bronze Service level customers, the site will be closed for the winter period from 16th. November 2015, and re-open on the Monday before Easter Friday, the 21st March 2016.

During this time access to your caravan will be available only on foot.

By prior special arrangement with the warden & giving at least 24 hours notice, vehicle access can be allowed, Monday to Friday working hours only.

Trolleys are provided near entrance barrier 3, and also in the car park at entrance barrier 5 for customers with an 'A' prefix pitch. Please return them after use - many thanks.

## ***Security Cameras***

The security cameras are also being upgraded, to better 'see', particularly in the dark hours with more powerful infrared lights being fitted.

### ***& FINALLY***

You may find the team easier to find on the site, as we have adopted a uniform from today. Thank you for your custom - we realise that you always have a choice.
